

Instructions for use
Rated Voltage 220-240V ~ 50Hz 60W

PLEASE READ & SAVE ALL INSTRUCTIONS CAREFULLY BEFORE USING THE PRODUCT

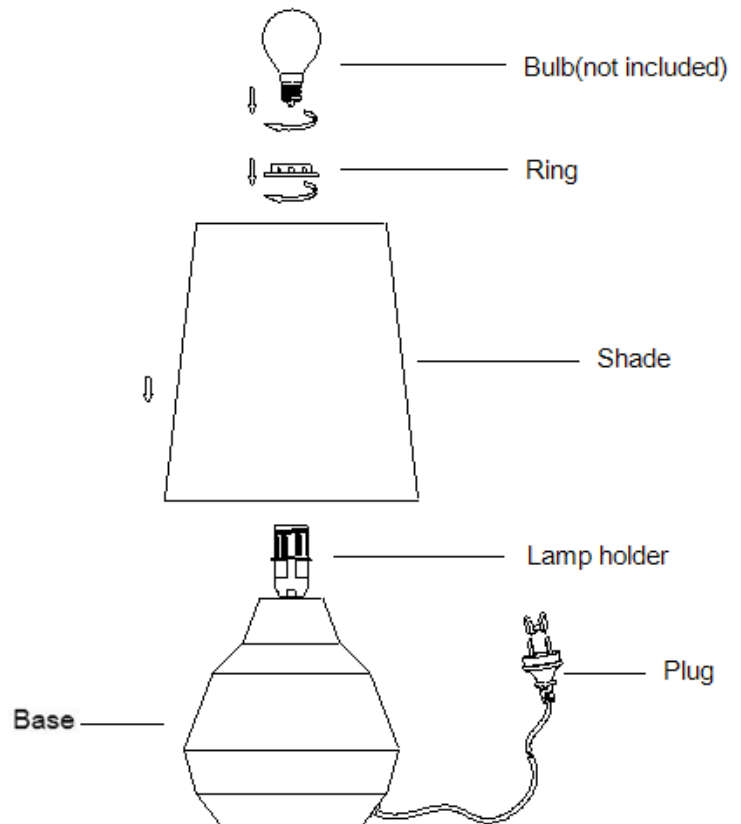

WARNING - to reduce the risk of fire, electrical shock or injury to persons or property, please follow the guideline below
for safe use and installation

INSTALLATION REQUIREMENTS:

- Do not exceed the maximum wattage rating
- Suitability for use “indoors”

INSTALLATION DIRECTIONS:

- Check whether the fitting has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Take care not to pull wire during unpacking as a bad connection may occur.
- Ensure all power is turned off before installation.
- Level all the components on a smooth surface and make sure there is no component missing before assembly.
- When ready to install, place the base on a flat but scratch resistant surface.
- Remove the mounting ring.
- Install the shade onto the lampholder
- Secure the shade by tightening the mounting ring onto the lampholder
- Insert the bulb.(not included)

TIPS

- To avoid injury or damage to the fitting, ensure that power leads and screws are secure before connecting the power.
- Handle the fitting and cover/shade with care to avoid breakage.
- Turn OFF power and wear gloves when changing or cleaning bulbs.
- Find a suitable location away from liquid and hazards.
- Ensure that the fitting does not come in contact with corrosive chemicals, etc.
- To clean, wipe with a damp clean cloth. Never soak the fitting with water.
